EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert Mueller on August 9, 2005. The application has been amended as follows:

IN THE CLAIMS:

2. (Currently Amended) A belt for a material web producing machine, comprising:

- a plurality of long-chain strength supports composed of a metallic material and arranged to form interstices; and
- a filler at least partially filling the interstices to make said belt fluid impermeable;

~~wherein the belt supports a paper web in the web producing machine.~~

56. (New) The belt of claim 2, wherein the belt supports a paper web in the web producing machine.

Allowable Subject Matter

Claims 2-13, 15-37, 39-53, and 56 are allowed.

Claims 2-13, 15, 22-24, and 56 are allowed, because the prior art does not disclose or suggest a belt for a material web producing machine comprising metallic long-chain strength supports arranged to form interstices, whereby the interstices are at least partially filled with filler to render the belt impermeable.

Claims 16-21, 25-37, and 39-53 are allowed for reasons indicated previously.

Response to Arguments

Applicant's arguments filed June 27, 2005 have been considered. The rejections of claims 54 and 55 under 35 U.S.C. 112, second paragraph, and under 35 U.S.C. 102(b)/103(a) are now moot as a result of cancellation of those claims.
